

SACHIN JAMES

Python Django Developer

+91 8921207450 | sachinjamestcr@gmail.com | Thrissur, Kerala, India | [LinkedIn](#) | [GitHub](#) | [Portfolio](#)

SUMMARY

Python Django Full Stack Developer with experience building a multi-role service booking platform featuring User, Admin, and Employee portals with role-based authentication, RESTful APIs, service CRUD, booking lifecycle management, and real-time status tracking. Proficient in Python, Django, Django REST Framework, PostgreSQL, HTML, CSS, JavaScript, and Git. Adept at architecting end-to-end Django MVT applications with clean, maintainable code.

SKILLS

Languages: Python

Frameworks: Django, Django REST Framework

Frontend: HTML, CSS, JavaScript, Bootstrap

Databases: SQLite3, PostgreSQL

Tools: Git, GitHub, Postman

Concepts: REST API, OOP, MVT, CRUD, JWT Authentication, ModelSerializer, API Development

PROJECTS

Clean Freshly — Service Booking Website

Technologies: Django, Python, SQLite3, HTML, CSS, JavaScript, Bootstrap

Developed a full-stack service booking web application using Django MVT architecture, Python, SQLite3, and Bootstrap, with role-based access control, user authentication, dynamic service pages, and a customer review and contact management system. [LiveDemo](#) | [GitHub](#)

Shoeland — E-Commerce Web Application

Technologies: Django, Python, PostgreSQL, Bootstrap, JavaScript (AJAX)

Developed a full-stack e-commerce platform using Django, PostgreSQL, and Bootstrap, with cart, order management, and Razorpay/Stripe payment integration. [GitHub](#)

Employee Management REST API

Technologies: Django, Django REST Framework, Python, SQLite3

Developed a RESTful Employee Management API using Django REST Framework and Python, supporting full CRUD operations with model-based serialization. [GitHub](#)

EDUCATION

Bachelor of Computer Science — Calicut University, 2016–2019

Higher Secondary Education — St. Thomas HSS, Thope, Thrissur (63%)

SSLC — JPE Higher Secondary School, Koorkenchery, 2014 (82%)

TRAINING & CERTIFICATIONS

Python Django Full Stack Training (Completed) — Avodha EduTech Pvt. Ltd. | March 2026 – July 2026

- Completed an intensive full-stack training program covering Python, Django, Django REST Framework, PostgreSQL, and JavaScript, with hands-on project-based learning
- Certificate issued by Avodha EduTech Pvt. Ltd., Kakkanad, Kochi, Kerala

Soften Technologies — Kadavanthra, Cochin | Aug 2023 – Jul 2024

Python Full Stack Development Training | Aug 2023 – Jan 2024

Junior Software Developer (Internship) | Feb 2024 – Jul 2024

- Developed and deployed dynamic web applications using Python, Django, Django REST Framework (DRF), and SQLite, building REST APIs and managing backend/frontend functionality
- Optimized application performance through improvements in Django views, ORM queries, REST API endpoints, and database indexing
- Training and internship completion certified by Soften Technologies, Kadavanthra, Cochin, Kerala
